Welcome Message

Welcome to Ozone Foodstuff Trading LLC — where every product we deliver carries our promise of trust, quality, and commitment.

What started as a simple dream has grown into a powerful bridge between top-quality food brands and the vibrant retail and hospitality market of the UAE. At Ozone, we don't just move products — we build lasting partnerships, create market value, and ensure that every client and supplier experiences the highest level of professionalism and care.

Our mission is simple: to be the name people count on — whether it's a global brand entering the UAE or a neighborhood store stocking daily essentials. We take pride in understanding needs, solving problems, and always delivering more than expected.

Thank you for your trust. Together, we'll grow stronger, smarter, and further.

- Mohamed Abdurahman

Company History

Since 2006

Ozone Foodstuff Trading LLC started in 2006 in Abu Dhabi, when the city was still in the early stages of its rapid growth. Back then, the food distribution market was smaller and less organized, and building trust took time and personal effort.

Our founder, Mohamed Abdurahman, began by personally taking orders and delivering products one by one. It was a hands-on approach—getting to know customers, understanding their needs, and earning their trust through consistent service. Those early days were challenging but laid the foundation for lasting relationships that remain at the core of our business.

Over the years, as Abu Dhabi and the UAE developed into a major commercial hub, Ozone grew steadily, expanding its product range and building a dependable distribution network. Throughout this journey, our focus has remained simple: to offer quality products, reliable service, and honest partnerships.

Today, Ozone continues to serve suppliers and customers with the same dedication it started with—grounded in experience, respect, and a clear understanding of the market's needs.
